TekTone® Sales Support Bulletin - No. 3

The convenience of the AM600 style apartment entry panels is now available for the TA205B handset suite station.

Part Numbers involved: AM613 series and AM642 vandal series (Spec Sheet – IL527)

The AM600 style panel has become one of the largest sellers for apartment entry systems. The combination of its sleek style and compact size has made the unit very popular.

While this panel has been available for the speaker type remotes for some time now, we would like to introduce the AM613 and AM643 series specifically designed for use with the TA205B handset suite station. The AM613/643 and TA205 combination allows for full duplex voice communication with the entrance panel and electronic door release, eliminating the requirement to push buttons to “talk” and “listen”.

The part numbers and list price are found below. Please note, the AM613 and AM643 are manufactured ONLY in the long panel version due to the acoustical characteristics of the speaker proximity to the microphone.

P/N	Description	List Price
AM613/02*	Panel w/ Speaker, Mic, 2 Btns w/ Name Holders	\$ 66.70
AM613/04*	Panel w/ Speaker, Mic, 4 Btns w/ Name Holders	\$ 74.00
