

Tek-CARE® 400 GEN3

The Most Advanced Tek-CARE® 400 Platform Ever.

Over 50 Years Supporting Life-Safety Systems

CLEARER AUDIO. BETTER PATIENT CARE.

Fully Digital Audio

- True end-to-end digital signal path
- No distortion from signal conversions
- Crisp, natural voice communication
- Advanced DSP processing framework

Reduced Background Noise

- Advanced system design minimizes interference
- Clearer conversations between staff and patients

TRUSTED & CERTIFIED

- ✓ UL®1069 Listed
- ✓ 5-Year Manufacturer Warranty
- ✓ Designed & Manufactured in the USA
- ✓ Commitment to Non-Obsolescence

When communication is clearer, care is faster.

BUILT FOR BUSY UNITS

Dedicated Audio Channels

- Each station operates independently
- No shared audio bottlenecks
- Reliable communication even during peak activity

Increased System Capacity

- Supports large campuses and multi-unit facilities
- Scalable for future growth

DESIGNED FOR RELIABILITY

Individual Station Power Ports

- Reduced risk of overload
- Greater system stability

Direct Station-to-Hub Connectivity

- Cleaner data transmission
- Simplified service and maintenance

Less downtime. More peace of mind.

EASIER INSTALLATION & EXPANSION

- Snap-on mounting design
- Ideal for renovations and phased construction
- Add sections as needed without disruption
- A single hub failure does not affect the rest of the system
- Reduced structural cabling versus competitors

WHY HEALTHCARE FACILITIES ARE MOVING TO GEN3

- ✓ Latest-generation digital architecture
- ✓ Clearer patient-to-staff communication
- ✓ Improved reliability
- ✓ Scalable system design
- ✓ Reduced noise and interference
- ✓ Long-term warranty protection
- ✓ UL®1069 compliance
