TekTone® Tek-CARE® Central Equipment Integration Layout

(See installation manuals for complete wiring information.)

The Tek-CARE Central Equipment can simultaneously connect to any TekTone nurse call system, plus a variety of foreign systems—such as fire alarm and security systems. The Tek-CARE Appliance Server displays the calls, events and messages from all connected systems at once.

Facility

Any computer networked with the Tek-CARE Central Equipment can create customizable reports on all activity. Plus, networked PCs can view all system events and messages as they occur via TekTone's Tek-CARE Remote Event Monitor.
