CALL US

During this time of uncertainty, staff efficiencies and patient safety are the highest priority. TekTone is ready to assist with the needs of healthcare facilities providing care to those in need.

TekTone has been manufacturing nurse call systems for more than four decades. Our systems are perfect for areas that require the highest levels of reliability, and are packed with features to make front line workers as efficient as possible.

Tek-CARE healthcare systems include everything from affordable tone-visual to Two-Way Communication Nurse Call Systems that are modern and affordable, easy to install, use, and maintain. Featuring customizable peripheral devices, sleek, touchscreen master stations and high-quality two-way voice communication. For those scenarios where wireless technology is best, we have a wireless nurse call system that includes wireless stations, pendants and other devices ready for quick installation.

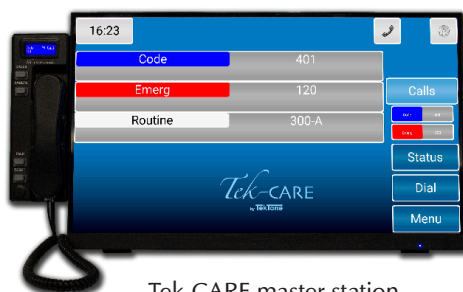

Whether it be a system down or the need to rapidly expand, TekTone is ready to deploy our experience, longevity and professional network of partners when needed.

Wired & Wireless Product Solutions
